Where is the art gallery?

- Tourist:* Excuse me! I'm sorry to bother you, but can you tell me where the EM art gallery is?
- Local:* I will try, my dear, but my English is not very good. Are you walking there?
- Tourist:* Yes, I am. Is it very far?
- Local:* No. Go towards that big building over there. You see where I am pointing?
- Tourist:* That green one with two towers?
- Local:* Yes. Go across the road before that building, then turn right and walk past the shops. After the shops you turn left. Walk along until you come to a square. The art gallery is there, opposite the old house with the big clock.
- Tourist:* Thank you very much. And by the way, your English is perfect.

Thank you for your help

- Tourist:* Excuse me!
- Local:* Yes?
- Tourist:* Could you tell me the way to the South Harbour market?
- Local:* You could walk, but the quickest way is to go by tram. The nearest stop is just there, across the road. T3 will get you there.
- Tourist:* Thank you, but how do I know where to get off?
- Local:* There is a display screen on the tram that shows the name of every stop.
- Tourist:* Thank you very much for your help.
- Local:* You're welcome.
