Mary's cat

Mary's cat is a strange old mog,
it doesn't have a tail.

It stays outside all night and day
and waits for the girl who delivers the mail.

It lies on a log and behaves like a hog,
and grunts at people passing by.

When Patsy, the post girl hops off her bike
and delivers the letters to Mary and Mike,
the mog on the log jumps up very high
and makes a nice twirl with a twist and a whirl,
then barks like the neighbour's dog.
